198. Return showing:—1. Whether the Government have taken cognizance of the following article published in the Montreal "Gazette" on November 1, 1915:—"Canadian Help Comes from Sale of Gift Flour. Foodstuffs not Needed by the English Poor were Bought for Belgian Relief.—Funds to Aid East Coast.—Hon. Walter Long Suggested to Canadian Government that $750,000 be Allotted, and Latter Agreed.—(Special cable from the "Gazette's" resident staff correspondent.)

"London, October 31,—'Canada's aid to the east coast towns of England, which are suffering through the war, is the subject of some misconception,' said Sir George Perley to-day. In a statement in the Commons, Hon. Walter Long said that the necessary funds for a Government scheme of help for hotel and lodging house keepers had been generously provided by the Canadian Government. This gave rise to the idea that the Dominion was taking a new step, but the fact is that no money is coming from Canada. Of the flour sent by Canada a year ago to relieve distress in England, very little was distributed, as poverty was in no way abnormal. Some 400,000 bags of this flour were transferred to the American committee for Belgian relief, which purchased them. The money paid for this flour being in the hands of the Local Government Board, Hon. Walter Long, as President of the Board, suggested to Sir George Perley that this might be utilized for the relief of the east coast towns where the season had been ruined owing to the lack of railway facilities and the disinclination of the public to visit the east coast because of the possibility of German naval or aerial raids. The Dominion Government acquiesced in this proposal, and the sum of $750,000, part of the proceeds of the sale of the flour, has now been allotted for this purpose. Canada's generosity will therefore go to alleviate the distress of a large number of better-class people, who are direct sufferers from the war, instead of the destitute poor, for whom it was intended, but who, it develops, were not in need of it." 2. Whether the said article is accurate. If not, in what respect it is inaccurate. Presented March 20, 1916.—*Mr. Papincau.*

198*a*. Return showing:—1. Whether the Government is aware that the following extract from an article was published on the 12th January, 1915, in the Montreal "Gazette":—

"Distress Caused in England by War is Negligible.—Comparatively Small Portion of Colonial Gifts Used for National Relief.—Much Went to Belgians.—War Office also took Large Share.—Salvation Army has Scheme Requiring Canadian Co-operation.—(Special cable from the "Gazette's" resident staff correspondent.)

"London, January 11.—Very satisfactory evidence of the comparative absence in England of any distress caused by the war is furnished by a report on the special work of the Local Government Board arising out of the war, which was issued to-day as a White Paper. The action by Noel Kershaw, dealing with the disposition of the gifts from the Colonies, shows that only a small part of the goods allocated has been required for relieving the distress of civilians.

"The following is the disposition of the 940,530 bags of flour received from Canada: To the local committees for the relief of distress, 90,474; to the Belgian Refugees Committees, 1,691; transferred to the War Office, 99,760; further offer to the War Office, 300,000; to the Belgian Relief Commission, 443,886; sold, owing to damage, 4,719." 2. If not, what became of the flour that was short. Presented March 20, 1916.—*Mr. Papineau*.. .. ..*Not printed.*

REPORT OF THE DEPUTY MINISTER.

The Honourable
Sir George E. Foster, K.C.M.G., B.A., LL.D., D.C.L., M.P.,
Minister of Trade and Commerce,
Ottawa.

Sir,—I have the honour to submit herewith the Twenty-third Annual Report of the Department of Trade and Commerce of Canada for the fiscal year ended March 31, 1915.

Upon the outbreak of war in Europe in the beginning of August, 1914, the Department of Trade and Commerce was immediately confronted with an abnormal situation, and problems without precedent were presented which taxed the department to its utmost, in thus having to deal with pressing difficulties of the most extraordinary nature. Every avenue of Canadian commerce was affected, and within a few hours, the whole import and export trade of the Dominion was diverted from its ordinary peaceful channels into paths of perplexing complications.

It is a pleasure, however, to state that the work of the department was considerably lightened by the spirit of forbearance shown by Canadian business men, who readily and promptly resigned themselves to any difficulties or financial losses, however great, which might accrue to themselves, recognizing that loyal and steadfast support of the Government was the first duty of good citizenship.

It is cheering to note that after fifteen months of war, the depression expected by many has not materialized, but, on the contrary, commercial conditions have not only been well maintained but they now can be said to be in a sound and buoyant condition. In this connection it may be pointed out that the total foreign trade of Canada (excluding coin and bullion) during the twelve months ended October, 1915, amounted to only $1,600,000 less than during the preceding corresponding period. This decrease was due to the great falling-off in imports ($92,900,000) and foreign exports ($5,000,000), which was not quite counterbalanced by the splendid expansion in the exports of Canadian produce, which amounted to $96,300,000.

Statistics of trade during the first seven months of the fiscal year 1915-16 (see statement on page VIII) show that commercial conditions are still improving and seem to justify the most optimistic hopes for the future.

I have the honour to be, sir,

Your obedient servant,

F. C. T. O'HARA,
Deputy Minister.

EXPLANATORY NOTES, PART I.

The term "Entered for Consumption" is the technical term in use at the custom-house, and does not imply that the goods have been actually consumed in Canada, but that they have passed into the possession of the importer and that duty has been paid on that portion liable for duty.

The value given for goods imported is the fair market value thereof, when sold for home consumption, in the principal markets of the country whence and at the time when the same were exported directly to Canada.

The term "The Produce of Canada" includes all imported articles which have been changed in form or enhanced in value by further manufacture in Canada, such as sugar refined in Canada from imported raw sugar, flour ground from imported wheat, and articles constructed or manufactured from imported materials.

The term "Goods not the Produce of Canada or Foreign Articles" applies to the exports of foreign goods which had been previously imported.

The value of "Goods the Produce of Canada" is their value at the time of exportation at the ports of Canada whence shipped.

The value of "Goods not the Produce of Canada" is the actual cost of such goods.

The initials N.E.S. mean "not elsewhere specified."

" N.O.P. mean "not otherwise provided for."

The expression "Ton" means two thousand pounds, and "Cwt." one hundred pounds.

The expression "Standard hundred," when applied to deals, means 2,750 feet board measure.
